#### Clarification of News Report

We write in reply to PSE's letter dated March 19, 2019 seeking clarification and/or confirmation on the news article entitled "ICTSI mulls turning Hanjin's Subic property into multipurpose facility" posted in BusinessWorld (Internet Edition). The article reported in part that:

" . . . .

"INTERNATIONAL Container Terminal Services, Inc. (ICTSI) is looking at the possible acquisition of Hanjin Heavy Industries and Construction Philippines' (HHIC-Philippines) assets to turn it into a multipurpose facility.

'Still working, trying to put the team together because we are not just looking at that as a port. We are looking at that as a multipurpose facility — power, steel, ship repair, multipurpose, automotive, crane,' ICTSI Global Corporate Head Christian R. Gonzalez told reporters in Manila on Friday.

However, Mr. Gonzalez noted the port giant is not interested in the shipbuilding business.

'Our intention is not shipbuilding at all. It's to utilize the site for other critical type of support infrastructure like automotive terminal, steel, power,' he said.

. . . ."

ICTSI has always been open to opportunities to further improve maritime trade and logistics. We wish to clarify that for Hanjin's Subic property viz. a viz. ICTSI's intention to investigate the viability of a multipurpose facility with various other parties, this is still being evaluated by our technical and business development teams along with the teams of other possible parties with complimentary businesses. We shall make a proper disclosure, as and when appropriate.
