PSE Disclosure Form 4-2 - Acquisition/Disposition of Shares of Another Corporation

*References: SRC Rule 17 (SEC Form 17-C) and
Section 4.4 of the Revised Disclosure Rules*

Subject of the Disclosure

On 19 July 2019, International Container Terminal Services, Inc. (ICTSI), through its wholly-owned subsidiary ICTSI Americas B.V, signed a Share Purchase Agreement with Boreal Empreendimentos e Participações S.A. (Boreal) to acquire one hundred per cent (100%) of the shares of Libra Terminal Rio S.A. (Libra Rio), which holds the concession rights to operate, manage and develop the container terminal Terminal de Contêineres 1 in the port of Rio de Janeiro City, Federative Republic of Brazil.

Background/Description of the Disclosure

Boreal is a Brazilian wholly-owned subsidiary of the privately-owned Libra Group (Brazil), which is under Judicial Reorganization. The Share Purchase Agreement to acquire one hundred per cent (100%) of the shares issued by Libra Rio was executed after a public auction of Libra Rio, held on 17 July 2019 and won by ICTSI, required as part of Libra Group's Judicial Reorganization process led by the 2nd Special Lower Court for Business Restructuring and Insolvency in Sao Paulo, Brazil. Under Brazilian bankruptcy law, ICTSI acquires Libra Rio as an isolated operation unit ("Unidade Produtiva Isolada"), free and clear of any liabilities or contingencies of any other entities of Libra Group.

The concession of Terminal de Contêineres 1 (T1Rio) commenced in 1998 and was extended in 2011 until 2048.

ICTSI will assume the operational, development and other responsibilities under the current concession contract.

Transfer of the facilities to ICTSI management is expected to take place late 2019, once all conditions precedent and all required regulatory approvals have been obtained.

In 2018, T1Rio had a throughput of 135,000 TEUs. The terminal has a capacity in excess of 530 thousand TEU with the ability to expand further. T1Rio has state-of-the-art container terminal assets, including 5 Ship-to-Shore Gantry Cranes and an extensive range of yard handling equipment including more than 16 Rubber-Tired-Gantry Cranes. It has a total land area of 18.8 hectares and 715 meters of quay wall, with a design water depth of up to 16 meters and thus the capability to receive global shipping lines' largest container vessels.

Date of Approval by Board of Directors

Jul 19, 2019

Rationale for the transaction including the benefits which are expected to be accrued to the Issuer as a result of the transaction

The transaction will expand ICTSI's footprint in the Brazilian container terminal market and is expected to generate value-accretive returns for ICTSI's shareholders.
